**Subject:** RE: Tower Standard - Cascade Model

Bob,

Is the call today with Tom Kady, Bristol and the tribe? If so, would it be good for me to call in (for learning purposes)?

**Subject:** Tower Standard - Cascade Model

FYI – I spent a few minutes looking at the modeling. We may need to conference in Cascade to tutor us on output and interpretation.

Bob – Bill and Linda are thankful you were able to get the drums removed as quickly as you did.

Thank you,

David N. Larsen P.G

Dave,

Please follow the links below to download the 4DIM files for the Tower Standard site located in Lac Du Flambeau, Wisconsin. You will find a .ZIP files that contain .4D files. The 4D file is an interactive file where you are able to manipulate (pan, zoom, rotate) as well as save as picture files. You will need to follow these steps to view the 4D files:

1. Download the ZIP files and unzip the 4D files locally to your computer or your network.
2. Download and install the 4DIM player onto your computer.
3. Open the 4DIM Player and navigate to your .4D files.
4. Use the slider located at the bottom of the 4DIM player to change the parameters of the model.

4Dim Link: <https://od.lk/d/MF8xMjQyNDMzMTdf/4dim%20-%20rei%20-%20tower%20standard%20-%20lac%20du%20flambeau%2C%20wi%20-%208-5-2016.zip>

4DIM Player: <http://client.ctech.com/?page=&action=download&fid=129>

Hi Dave can you give me the column labels for clarity. Do you have them in Excel?

Brad
